

IP VOICE ISDN REPLACEMENT.

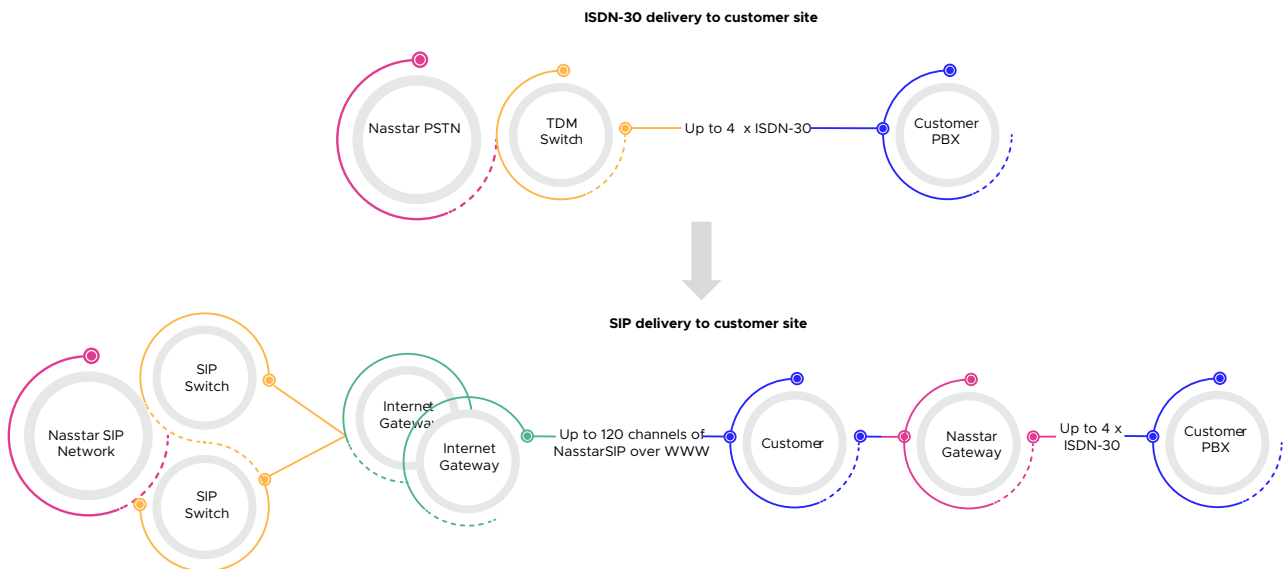

PRODUCT SHEET

Continue using your legacy PBX and phones after PSTN switch off

For customers wishing to keep using their existing PBX hardware following the PSTN switch off, our IP Voice ISDN Replacement service provides the perfect solution. Flexible and cost effective, IP Voice ISDN Replacement means you can continue using existing phones, plus benefit from enhanced voice features.

HOW DOES IT WORK?

We install a SIP to ISDN gateway on-site between the new incoming IP Voice connectivity and your existing PBX. This converts the incoming and outgoing calls and you can continue using your existing systems with no changes to the internal telephony architecture.

KEY FEATURES.

Fast and easy to install

Fully flexible

Resilient and future-proof

Full migration plan

Monitored 24/7

Managed upgrades and patches

WHAT IS THE ISDN / PSTN SWITCH OFF?

Integrated Services Digital Network (ISDN) was introduced in 1986 and uses digital transmission to make phone calls, video calls and transmit data over the circuits of the traditional Public Switch Telephone Network (PSTN).

The PSTN system is now outdated, and BT Openreach has made the decision to end of life the network. They plan to phase it out in favour of new solutions, with the switch off taking place by 2025.

The switch off has already begun and as of 2023 businesses will no longer be able to purchase ISDN lines.

With the switch off looming, businesses need to be prepared.

HOW IT WILL BENEFIT YOUR CUSTOMERS.

Easy migration without any major changes to existing infrastructure and hardware.

Cost-savings by protecting existing investments and without the need to invest in new infrastructure.

100% availability depending on gateway model there is no limit on the number of users using the line.

Quick and flexible configuration with gateways up and running quickly and efficiently.

Increased resilience as impact of any problems can be reduced by rerouting calls to a different destination number.

HOW IT WILL BENEFIT YOUR BUSINESS.

Resourceful partner portal with full access to campaign support, product collateral and training materials.

UK-based support with dedicated account management and professional services support tailored to your business needs.
